

## T10,5-934,5 NEOPRENE VAC "C" TNA BELT

**Fields of use:** Vacuum conveying belt for pulling application

- Advantages:**
- Outstanding abrasion resistance
  - Good acid and lye resistance
  - High coefficient of friction,
  - High resilience

Product name	T10,5-934,5 Neoprene VAC „C“ TNA		
Base belt	Neoprene		
Base belt color	Black		
Coating compound	rubber, silicone		
Coating Color	rubber: red, silicone: blue, white, red		
Belt cord	fiberglass		
Product properties			
Length:	mm	934,5	
	mm	Tolerance	± 0,5
Width:	mm	12,5	
	mm	Tolerance	± 0,3
Belt Hardness:	ShA	-	
	ShA	Tolerance	± 2
Coating Hardness:	ShA	40	
	ShA	Tolerance	± 2
Coating Thickness:	mm	4-6	
	mm	Tolerance	± 0,3
